The CustomMade Crafts Center, Inc (CMCC) is an initiative of NTFP–EP Philippines (Non-Timber Forest Products Exchange Programme Philippines) a collaborative network of non-governmental organizations and community-based organizations that empower forest dependent communities to utilize and manage their forest resources in a sustainable manner.

CMCC works with master weavers and indigenous artisans all over the Philippines to create beautiful and functional products that express the timeless traditions of these cultural communities while meeting the needs of the modern market.

CMCC engages in fair trade practices and adheres to sustainable consumption and production practices.
